The Stanley and Esther Mauermann Scholarship from Monroe United Methodist Church helps students who are active members of the church and are continuing their education beyond high school. Academic achievement and financial need are factors in each award.

Although the Mauermanns had no children of their own, they worked actively to see youth succeed spiritually, socially, and academically. They were passionate about youth ministry at Immanuel E.U.B. Church and Monroe United Methodist Church and served as leaders for decades.

The amount of the scholarship depends on funds available and number of applicants. The application process takes place in the spring or summer, and the funds are disbursed directly to the school for fall semester.

**Tell us about yourself, your experience as a member of the church, and how your faith influences your academic studies. Use additional paper if necessary.**
